### ABOUT CATALONIA

Catalonia is a land of more than **two thousand years of history, tradition and culture**. A land with beautiful scenery, rich cultural heritage and open-minded, enterprising people. A land of nature and sports, of gastronomy and entertainment. It has always been hospitable and open to the outside world, thanks to its long tradition of international trade. Catalan culture is then both **national and cosmopolitan**, generally belonging to the Mediterranean tradition, but different from most other places of the Iberian peninsula in several aspects, starting from its language, **Catalan** (spoken by around 14 million people) or its **traditional folk culture**. With over seven million inhabitants and an area of almost 32 thousand km<sup>2</sup>, Catalonia basks in a privileged, temperate, Mediterranean climate all year round. Moreover, it offers visitors a tremendous range of opportunities to enjoy culture and history, with several architectural and artistic treasures, sites and monuments, and with its unique **seaside** (like Costa Brava), **mountains** (like Pyrenees or Montserrat), or **cities** (like Barcelona or Girona).

The project is just outside of Valls, a small town near Tarragona.

**Project description:** This is an EVS project. ADELA is an association born in 2005 in an organic farm in Valls (named Can Pipirimosca), with the aim of promoting a sustainable lifestyle respecting the environment. Starting from his/her own experience and the training that he/she will receive, he/she will give support to the members of the association in the tasks of coordination the different activities and the meetings with the volunteers.
